

26. (Amended) An electron source according to Claim 24, wherein a plurality of electron-emitting devices are arranged in a matrix wiring composed of a plurality of row-directional wirings and a plurality of column-directional wirings.

REMARKS

Claim 26 has been amended to remove and improper multiple dependency therefrom.

Favorable consideration and early passage to issue of the present application are respectfully requested.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,
